# MYTHOS (WOOD)

## ADVANTAGES...

The various wooden cases that we manufacture are an attractive and sophisticated option, in addition to being easily personalized, they are ideal for gifts or to protect valuable objects; Some of its advantages are:

**Durability and Protection:** Since they are usually more resistant and durable compared to other materials.

**Aesthetics and Elegance:** Because wood has a natural and elegant appearance that can enhance the presentation of stored objects.

**Personalization:** Wood can be easily customized, allowing you to create unique and personalized designs.

## MANUFACTURING AND PRODUCTION TIMES...

The material used is beech wood, which can be personalized by engraving the company logo and the name of the person to whom it will be given.

Part of the process we have to deliver quality cases includes:

- **Sanding process:** Ensures a smooth surface free of imperfections.
- **Painting process:** Provides an exceptional and durable finish.

Additionally, one of the advantages is that we have the capacity to deliver 500 cases per week.
